

# AQ-1

**MEET THE FIRST OF A NEW GENERATION** of aqueous parts washers from Safety-Kleen. The AQ-1 combines the cost savings benefits of automated cleaning with manual cleaning in one compact unit. It rolls to where it's needed and only requires a standard 110-volt outlet. With our exclusive lineup of ArmaKleen® chemistries and Safety-Kleen service, the AQ-1 is raising the standard for parts washer performance.

# AUTOMATED PLUS MANUAL CLEANING

## MANUAL

Sink is recessed into lid for basic manual cleaning.

## AUTOMATED

Deep tank inside for automated spray cleaning. Lets the machine do the work for you.

## IMMERSION

Agitating immersion tank removes soils from small parts and tools.

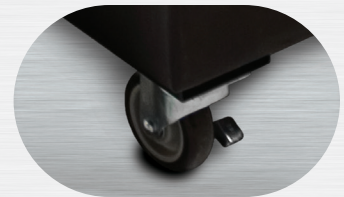

## EFFICIENT

Automated cleaning allows you to reclaim the time employees spend on manual cleaning and apply it directly to your bottom line.

## RELIABLE

New seal-free pump and industrial grade components eliminate failures.

## VERSATILE

Compact size and 4" poly-ridged casters for ease of movement.

## PLUG AND PLAY

Operates on an ordinary 110-volt outlet. Roll it wherever it's needed and plug it in.

## SAFE

Aqueous technology is safe for your workers and safe for the environment. Aqueous solutions are typically non-toxic and produce non-hazardous waste.
