

HOW MUCH TIME DO YOU SPEND CLEANING FOR EVERY MINUTE YOU SPEND PAINTING?

No matter how or what you paint, Safety-Kleen can help you do so worry-free. We know all about protecting the environment, so we can protect your company from risk and liability associated with your waste, too. But our protection for your industry goes much deeper. Safety-Kleen continuously develops new cleaning technologies and services that protect your painters, your workplace, and your investment in expensive equipment, all of which affect the quality and integrity of the finish you lay down. That's why over 8,000 paint shops rely on us for cleaning equipment and environmental service.

Innovative technology to get your guns their cleanest

Our manual paint gun cleaners boast features like hands-free foot pedal operation and high pressure rinse that leave paint guns clean and ready for the next job. A high efficiency, automatic Venturi air extraction system helps protect operators from exposure.

Model 1077 Paint Gun Cleaner

- Deep-drawn seamless sink prevents splashing and leaks
- Centrifugal pump for reliable and effective cleaning
- Air line, blowout funnel and recirculating nozzle
- Clean rinse for precision touch-up work

A revolution in design, function and application

The Model 1055 is the next generation of automated paint gun cleaner you've been waiting for

- Automatic and manual cleaning capabilities
- Stainless steel sink
- Can be used with thinners, acetone or aqueous cleaners
- Sleek footprint and ergonomic design saves space and looks great
- Washing basin includes: high-efficiency spray nozzles, safety valve, blowout funnel and spray cradle for paint gun, cup, and lid
- Foot pedals for hands-free operation
- Clean rinse for precision touch-up work

Regulatory Compliance

The Safety-Kleen Paint Gun Cleaners are ETL certified and conform to ANSI UL standards 201 and 1208 for vapors and extractors.

No matter what you're spraying, we have the chemical you need to clean it up

Heavy-Duty (HD) Cleaning Thinner: designed for cleaning paint used in a variety of commercial applications.

ULTRA KLEEN Multipurpose: specially-blended thinner designed to clean auto body spray equipment, parts and lines.

CLEAR CHOICE Cleaning solvent: (100% Virgin Acetone) HAPS-free VOC-exempt solvent.

Aqueous Universal Paint Gun Cleaner: proven to be effective in cleaning both solvent-based and waterborne paints, in most applications.

Aqueous Heavy Duty Paint Gun Cleaner: specifically designed to clean waterborne paints.

Green Scalability

GHG-Reduction Partner

*Both aqueous options exceed standards for VOC emissions.

Minimize waste, maximize profits with on-site recycling

The **Minimizer III** cuts thinner costs, reduces paint waste by up to 95% and redefines the standard for recycling thinner. Its patented design recovers up to 99% of used solvents and thinners.

- Built-in transfer station allows user to load dirty solvent and discharge clean solvent
 - Loading and discharging both require either using the foot pedal or trigger
- Preset programs give operators a clear message regarding unit operation

Waste Minimizing and Diversion

Closed-Loop Recycling

While convenience and waste elimination are reasons enough to consider the Minimizer III, if you are buying more than two 55-gallon drums of chemistry per month, **THIS UNIT WILL ACTUALLY SAVE YOU MONEY.**

Comprehensive Waste Service

We specialize in the compliant removal and disposal of all paint-related waste, including used booth filters, acetone, thinners and solvents.

Any Waste Anywhere Anytime

Complete the ideal painting environment with world-class support products

In addition to innovative equipment and superior quality cleaning chemistries, Safety-Kleen offers a full line of products to support your shop including, but not limited to:

- Non-flammable funnels
- Hand cleaners
- Absorbents
- Secondary containment
- Lightbulb management

More than 50 years of dependable equipment service and maintenance

- Equipment and disposal management programs are all-inclusive; we offer flexible service terms for a hassle-free experience
- Safety-Kleen reps are consistent, reliable, knowledgeable and dedicated to customer satisfaction
- Equipment rental programs include all necessary parts/maintenance with no hidden costs

Flexible Experienced Reliable

No other company can offer paint shops the protection and the choices we do.

Safety-Kleen brings more than 50 years of experience and a nationwide infrastructure to environmental services. Our centrally-controlled service is prompt, professional and non-intrusive.

We staff the most talented DOT, EHS, and SDS experts available and have developed compliance and safety training models for all service staff and operations, including OSHA, DOT and EPA.

If your company is looking for ways to handle cleaning and waste in the most efficient, environmentally-responsible ways possible, call Safety-Kleen.
