

**YOU DON'T GET PAID WHILE THEY'RE PARKED.  
LET SAFETY-KLEEN HELP KEEP YOUR TRUCKS TRUCKIN'.**

**Trucks are your largest asset. We can help ensure yours stay on the road.** As a company with a large fleet, we understand how keeping it on the road and in good running condition is critical to the overall efficiency of your operation. Safety-Kleen specializes in doing just that. We help more than 10,000 Trucking and Transportation maintenance and repair facilities do the same, all without having to rely on other companies. Partnering with Safety-Kleen alone gives you the protection, choices and people to maintain your largest assets. Why would you trust anyone else?

PROTECTION·CHOICES·PEOPLE

Trucking & Transportation

# Protect your workplace, your reputation and the environment.

If you are responsible for environmental health and safety, let the environmental professionals at Safety-Kleen help. Our services can be tailored to fit the unique needs of your facility, while still ensuring you're in full compliance with all local, state, provincial and federal regulations. Our practices provide the highest level of risk reduction in the industry, backed by our Certificate of Assurance and Indemnification.

You can also count on us to help you with everything from shop supplies and absorbents to keeping your oil water separator running clean all while collecting used motor oil and delivering new.

# Choices that keep your fleet clean and green.

## Used Oil, Oil Filter Collection and Lubricants *Everything you need for complete oil management.*

- Proper regulatory documentation showing your used oil is being handled in compliance.
- Customized used oil pick-up schedules, along with emergency overflow response.
- Collection of bulk oil filters using a patented process that gives you less hassles and takes up less space.
- Lubricants that deliver superior quality and unmatched performance. Performance Plus® products have been tested and trusted and are the oil of choice for Roush Fenway Racing and several large government and commercial fleets, including our own.

Safety-Kleen is the world leader in oil collection and the use of oils as a renewable resource through our proprietary re-refining process. Through this unique closed-loop system, we have redefined customer value.

## Emergency Response (ER) and Compliance Services

- **Peace of mind 24/7/365** - Through our parent company, Clean Harbors, we deliver the most effective, safe and environmentally sound options for managing environmental emergencies. Public and private companies, as well as government agencies, trust Clean Harbors to handle their emergency response and disaster recovery services.
- **Stay in compliance** - You have enough to do without worrying about changes in EPA and OSHA regulations. Safety-Kleen offers a wide variety of compliance services and training that can remove these burdens and help make sure you stay in compliance. Our SDS management program is the most comprehensive available and is the easiest and most reliable way to satisfy your OSHA requirements.
