HEAVY DUTY SYN EATON^(R) PS-386 TRANSMISSION FLUID

Performance Plus[®] Heavy Duty SYN Eaton^(R) PS-386 Transmission Fluid is a full synthetic transmission fluid specifically engineered for commercial (on- and off-road) vehicles. It is designed to protect against heat, wear, and low temperatures all while providing extended drain intervals and fuel efficiency. The PS-386 Eaton approval makes it ideal for us in Endurant, Ultrashift Plus, Fuller Advantage, and FR and RT Series Eaton transmissions as well as manual and automated transmission, wheel end hubs and transfer cases in commercial applications such as on- and off-road, utility, vocational, and charter buses.

HEAVY DUTY SYN EATON^(R) PS-386 TRANSMISSION FLUID

Features and Benefits: Performance Plus Heavy Duty SYN Eaton^(R) PS-386 Transmission Fluid is designed to meet the performance requirements and protection demands of today's trucks and fleets. Tested, proven, and trusted quality are why those demanding the best turn to Performance Plus. In addition to offering outstanding power transfer and gear shifting performance, Performance Plus Heavy Duty SYN Eaton^(R) PS-386 Transmission Fluid offers:

- Additives to enhance friction properties
- Formulated for anti-wear protection
- Excellent resistance to sludge formation
- Exceptional shear and thermal stability
- Improved fuel economy

- Providing smooth shifting, reducing shudder
- Extending the life of the transmission
- Controls sludge formation to protect the engine
- Performing under the most severe conditions
- Protecting your operations and applications

Proven and Trusted: The foundation of all Performance Plus products is the tested, proven and trusted base oil which exceeds the performance of many of the major oil refiners. Our finished lubricants start at a higher level than the competition due to our formulated blend of high quality base oils and additives.

REDUCED OPERATING COSTS

	Fuel Economy	↑ 1%
	Reduced CO₂	↓ 1%
	Oil Drain Intervals	↓ 14 less changes
	Waste Oil	↓ 157 gallons

Performance Plus[®] Heavy Duty Eaton^(R) PS-386 Transmission Fluid delivers savings to reduce operating costs. Improved fuel economy and sustainability focus lead to reduced CO₂, less oil changes, and less waste oil. (Savings based on 6.5 miles/gallon, \$5.11/ gallon diesel, 100,000 miles driven per year and other assumptions.)

PROTECTION

The newer technology and benefits of the Eaton^(R) PS-386 approval is counted on for factory fills, improved shift quality, reliable wear, extended drain intervals, and protection. Fluids like the Performance Plus SYN Eaton^(R) PS-386 maintain OEM warranty requirements and prevent seal oxidation like the one shown above which did not use an Eaton^(R) PS-386 approved fluid.

Health and Safety: Information detailing health and safety can be found in the corresponding Safety Data Sheet on the Performance Plus website. Performance Plus products contain petroleum distillates and are not likely to pose any significant health or safety hazards. Gloves should be used to avoid any contact - should there be contact with skin, washing with soap and water is advised. If ingested, call a poison center or doctor - do not induce vomiting.

Storage: Performance Plus products should not be stored where the temperatures are above 140° F (60° C) or near sparks and flames. Products should be stored under cover and away from the reach of children. In case where drums cannot be under cover, they should be laid horizontally to avoid any potential contaminants.

Disposal: All efforts should be made to protect the environment. Please properly dispose of used motor oil and lubricants. Should you need any assistance please contact your sales representative for information on how Safety-Kleen's used motor oil collection services.

For additional questions, please contact your Performance Plus[®] Products Sales Representative.
